Dear Student,

**Re: Connolly Foundation Award – Main Award**

Wootton Academy Trust has been invited to partner with a local charity, the Connolly Foundation. The Foundation runs a range of activities including a bursary award scheme for sixth form students applying to university. The main award is open to all sixth formers going to university who have studied at least two subjects from a range of subjects including: English Language, English Literature, Maths, Further Maths, Chemistry, Biology, Physics, History, Geography, Economics, French, German, Spanish, Italian, Russian, Psychology, Law and Physical Education/Sports Science (A level or BTEC) plus one other subject. The additional subject may be any subject on the school curriculum at A level or BTEC.

I am pleased to inform you that you are eligible to apply for this award and we would like to **highly encourage** you to do so. I have provided information below about the timeline and application process. Further information/guidance will also be provided in a presentation which will be uploaded to Show My Homework and our website today.

Successful applicants will be required to achieve A level passes at grades A\*, A and B in a combination of two of the above subjects plus one other subject. If successful in your application, you could be granted an award of up to £1,000 to support the first year of your university studies, and can contact the foundation each year to reapply for support for the following years of your degree course.
