Dear Parents and Carers

We hope you enjoyed the warm weather last week and are keeping well.

We have held 100 virtual meetings with our future year 9 students, with a few more to schedule. If you would like an opportunity to have a virtual meeting or a telephone call with your child then you can still request that via our email: y9transition@wootton.beds.sch.uk

These meetings have involved us finding out lots of interesting information about what the students enjoy, their hobbies and strengths. Even if you do not want to attend a virtual meeting we would still like to give you and your child the opportunity to tell us this information. You can therefore do this via this link, but please only complete this if you have not had a one to one meeting with a member of staff at the school:

In addition, we are of course planning for learning in September. Whatever that looks like we know your child will have missed some learning and teachers will be taking that into account. In addition, we know that access to ICT plays a huge part in how easy it is for a child to work remotely, whether for all lessons, or for more regular home learning such as homework.

Therefore, as part of the process of learning more about the cohort of students joining us in September we are also keen to understand more about student access to ICT. We would be grateful if you could ask your son/daughter to complete the survey available via this link:

Please do continue to access our resources, assemblies and bulletins on our website. Do also continue to use the email: y9transition@wootton.beds.sch.uk for all questions and queries.

Thank you for completing the ICT survey, and the further information survey if it applies. It is really important we capture information from every one of our future year 9 students

Yours faithfully

Mr M Gleeson
