Dear Parents/Carers

Remembering our loved ones

Bedford Borough Council has given us 200 tulip bulbs for our Memorial Peace Garden. This is an initiative that Councillor John Wheeler, Vice Chair of Wootton Upper School's Local Governing Board has supported.

The idea is that this area of the school is a quiet oasis. In more usual times this will be a place for pupils and staff to sit and reflect. We are planting the bulbs in six white planters to make a strong visual display. The tulips will be a reminder of those affected by Corona Virus.

If you or your child would like a tulip to be planted in memory of a family member, or close friend, please would you complete the simple survey via the link:

This link will also be shared in school via form tutors. We will then produce a display explaining the planting of tulips and to whom they are dedicated.

Yours sincerely

Head of School
